INTRODUCTION

IT'S BETTER BY THE BAY

LIVE LIKE A LEGEND

Coastal Queen East has always been here; a historic 19th century neighbourhood between Leslieville and The Beaches, spoken of in hushed tones by those who know life's better by the bay. Now the secret's out, and it's your turn to plant roots. It's time to discover what's beyond the shore. It's time to discover Queen & Ashbridge, in the heart of Coastal Queen East.

DISCOVER COASTAL QUEEN EAST

In the heart of Coastal Queen East, between the green parks and boardwalks of The Beaches, and the red bricks and lattes of Leslieville, beyond the shores of Ashbridge's Bay and the skyscrapers of downtown Toronto; lies Queen & Ashbridge.

The architecture is a 21st century response to urban design principles that resembles a timeless, sun washed hill-town, scattered with interlocking terraces that blur the lines between inside and out. Inspired by its natural environment and community, and exhibiting modern ideas of holistic wellness, Queen & Ashbridge is an extraordinary choice for urbanites who crave something different. What's beyond the shore? Whatever you're looking for.

THE ARCHITECTURE

HIGH DESIGN FOR HIGHER LIVING

Queen & Ashbridge, imagined and designed by Teeple Architects, reads as a love letter to city building. Far from cookie cutter, the architecture draws contextual inspiration from its surroundings. The 8-storey brick-faced Queen Street wing is populated by wide sidewalks, trees, shops and restaurants. A cascading 17-storey pyramid-shaped tower provides residents with lake, park and downtown Toronto skyline views. A mosaic of outdoor spaces is woven together from the enormous green communal courtyard, landscaped walkways, patios, green roofs and private balconies and terraces. In Queen & Ashbridge, The Beaches meet Leslieville in a modern and highly liveable architectural statement.

QUEEN STREET VIEW LOOKING WEST

COASTAL QUEEN EAST

YOUR NEW FAVOURITE NEIGHBOURHOOD

Coastal Queen East is a healthy neighbourhood that weaves together the dense greenery and boardwalks of The Beaches, and the historic façades and deep-rooted character of Leslieville. Swatches of lively, green, tree lined streets and parks mingle with sparkling blue waters and skies to serve as the backdrop for an electric streetscape populated with independent retail. Hidden, open, dynamic and serene, Coastal Queen East is your new favourite neighbourhood.

COASTAL IS 'CENTRAL'

The 501 Streetcar stops at your doorstep; Lake Shore Boulevard lies just beyond the park and the downtown Toronto core is but a breezy bike ride away. 'Coastal' is, in fact, central.
